Yoga is quite the workout. Stretching the body into positions it's probably never been before, it becomes a way of life for some. But then sex is quite the workout, too. Stretching tongues into pussies is a way of life.

It's just an ass. Everybody has one, but not everybody knows how to use theirs. I got mine at twenty or so and by the time I went to college, I had a booty. It really adds another dimension to sex, if you know how to use it.

I would see pictures of guys with their hard cocks in a girl's ass, but never thought how that could be sexy for a girl. Well, looking at pictures or even a video may be fun, but in person, it's a different story. What the images can't show is the feeling of the cock in your butt. You are pulled into the heat and eroticism of fucking a forbidden hole and all of a sudden it's a big turn on, even for me. And guys admit that they find it a big turn on, too.

40+: Hi Lucy – This is the second time you've been in our magazine.

Jordan: It is. Thank you. The first time, I got so many phone calls from my friends that I was amazed. One of them brought the issue over for me to see and even I was impressed. I never thought I looked so good fucking someone. It made me want to go do it again that night. And I did!

YOUNG AND IN LOVE

About nine months ago I took a job with a large government security firm. When I started, I was shown the ropes by Serena (not her real name), the only female agent in our group and eventually we became very close. I'm forty years old, finally single and now a new security analyst for this company. Serena's husband worked for the same company but in another building way across town. He was transferred to Arlington, VA and she wanted to go also. We talked about what a great opportunity that would be for the both of them. Except for one problem, Kristine. She was in her final year at college and was living at home with them. She didn't want to live on campus, so as Serena and I talked, we discussed Kristine coming to live with me for the rest of her senior year.

It's April now and Kristine has less than a couple months left with me, and she's been a great delight. Always pleasant and mindful. We only had a few spats, mostly about her curfews and boys. Last Christmas her parents came into town to celebrate the holidays and Kristine's 21st birthday. So if you haven't guessed by now, I discovered I was very attracted to Kristine but have kept our relationship proper, but the thought of this beautiful creature slipping away causes me to lose sleep at night. I remember when I was in college I had a long affair with my roommate and I learned to really love other women's' breasts. I would suck on my roommate's for hours if she would let me, which she did at least once a week and I have really missed sucking a pretty boob since my college days.

Now I've seen Kristine naked twice, once when she was changing in her room to go out for dinner, and the second was this past summer when we were changing again to go to the beach. Kristine has the most beautiful boobs I've ever seen. She's a thirty-four D, perfectly shaped and symmetrical areolas and nipples. I brought myself to orgasm thinking about her body and sucking on her magnificent boobs. I have not made any advances towards here while she was staying with me and I don't think she has any idea that I like women. We discussed all sorts of things in our time together including her college studies, her relationship with her parents, and even sex among the sexes. She's told me of college guys she's been with and her infatuation with a female psychology professor.

It's now the first weekend of spring break and Kristine will be out of school for a week. The weather is beautiful outside and we had planned a trip to the beach for the weekend. She had booked a nice hotel at the shore with two queen beds so we only needed one room. I drove and by noon we were at the hotel and in our room. I was standing by the window admiring the ocean view and Kristine excused herself to the bathroom to freshen up after the trip. She comes out singing and in her birthday suit. I turned around and, in mock shock, my mouth hit the floor. I couldn't believe what I was seeing and couldn't help but stare at her breasts. She

glides over to me and looks out the window, too. After a moment, she turned to me and put her finger under my chin and lifted my face to look into her eyes. She told me she had an infatuation with me that she wanted to fulfill and that's why she wanted to take this trip with me. She took my hand and placed it on her left breast. This isn't a hotel room, I thought, it's Nirvana. I raised my other hand and was now cupping and massaging her beautiful breasts. She started unbuttoning my blouse and found my braless boobs with nipples erect just waiting for her. She pushes the blouse back on my shoulders and leans over kissing each one in turn and I wallow in the marvelous sensations I was feeling.

She pulled my shorts and panty down and I stepped out of them. There we both stood, totally naked holding each other, breast to breast, and she told me to show her how much I love her boobs and pulled my head to her chest. As I was sucking on her, she was playing with my ass and stroking my hair. Her nipple had grown to at least half an inch long and I would do anything she wanted just to suck her breasts. She backed slowly away from the window and over to the bed and laid on it with me on top of her. She whispered that she had wanted me ever since she moved in and couldn't control herself anymore. Hearing her say that, I came all over her pussy, making her squeal with delight. Then she told me to suck the other one as it was getting jealous.

She squealed again when I came on her, picked my head up and told me that her pussy needed some attention now. I got between her legs and her pussy smelled so fucking good. She told me I was such a good little pussy and for me to make her cum in my mouth. I was eating her hot pussy and just couldn't get enough of it. I made her hot ass come off the bed seven times as she poured her most delicious cum into my waiting mouth. After the seventh time I made her cum, she pulled me up to her, wrapped her legs around me, stuck her tongue down my throat and then told me how much she loved my mouth on her pussy. I was in heaven, I was laying on Kristine's hot beautiful body, she had her legs wrapped around me, kissing me and laying naked with her.

I sucked on her boobs for about an hour, then she made me get on all fours, got between my legs and started playing with my pussy and asshole. She started out with one finger in my slit, then two, until four filled my pussy and was fucking my brains out, while at the same time she had two fingers buried in my anus, finger-fucking my ass. My poor brain exploded from all of that sensory input, cum was pouring out of my pussy, I was in a place I had never been before and I couldn't even talk. All I could do was make animal sex noises. Then she stood up on the bed, made me get on my knees to eat her pussy until her cum was running down my face and onto my boobs. Sweet, sweet cum.

Kristine has now graduated college with a marketing degree and we've been together for about eight months now. Kristine told her mother that we had moved in together. After some initial hesitations, she said she understood and wished us good luck.

Hey Lucy,

First of all, I want to thank you for being the type of woman that likes adventurous sex. To have two guys fuck you – and it looks like you like it a lot – then you're the type of woman for me. I'm a transplanted Canadian that loves blondes with a little meat on their bones. Just like you. I'd love to snuggle up with you and rub you all over, as I would hope you'd do to me. Then, after an hour of kissing, I go south and lick your sweet pussy until you cum. Then I'd do it all over again.

LOST IN LUST

I haven't written anything to a magazine for a couple of years. No particular reason, just haven't had much to say. Actually, much about my life is the same. Still single at 44. But something happened recently that I thought was worth writing about. Her name is Cyndy and we were about half wasted on some merlot and we got to talking about some of our experiences.

Like my next door neighbor, Jayson. He worked out regularly and it showed. It was summer and I had a pool. I spent many an afternoons in the pool or laying by it. One hot summer afternoon, I was sunning by the pool. I had untied the top to my swim suit and was nearly asleep. This husky voice said, "May I join you?" I was so startled that I jumped up bare breasted! It was Jayson! I can't tell you how embarrassed I was! Of course I folded my arms over my breasts, but it was too late. Jayson had seen it all.

"What the are you doing here?" I screamed. "Hey, it's a hot day and I figured you would be by the pool. I sure the hell didn't know you were a nudist or I'd come over sooner!" Jayson responded. "By the way, looking good." I asked him to turn around. I grabbed my bikini top and put it back on. Then I told Jayson it's ok to turn back around. When he was facing me I told him I was sorry for yelling at him and that he had just startled me. I asked, "Are you thirsty? I have cold soda, lemonade, or iced tea." "Anything harder?" Jayson asked. "There's cold beer in the fridge." I said. Jayson followed me through the patio doors and to the kitchen, then the living room. Even though I didn't like beer, I did like the feeling it gave me. Jayson sat on the couch and I sat on a chair that faced him. The more beer I swallowed, the more dizzy I got and totally feeling hot and turned on.

I looked at Jayson and said, "kiss me." "What!" He answered. "I said, I want you to kiss me." as I moved from the chair to sit beside him. I felt Jayson's lips touch mine. It was a small kiss, but enough to turn me on and make me want more. Our hands were roaming over each other. Jayson slid his hand under my swim top and began fondling my boobs. I could feel the hardness of my nipples. I was so damned hot! By now we were laying on the couch with Jayson on top. I could feel his hardness pressing against my leg. I took a hold of his dick and it felt huge and rock solid. Without hesitation, I moved my hand inside his trunks and held a dick with my bare hand for the first time in my life.

We rolled over to where I was now on top. I pulled Jayson's trunks off and his dick sprang free. I took it in my hand and began to jerk him off. At first, I just put my lips around his throbbing head. Gradually, I took in more of him. I could taste the precum seeping from him. The more I took of him, the more his hips raised up and down from the couch. The speed of his humping increased and Jayson was softly moaning. Then he said, "I'm going to cum!" I took him all the way. Cum was flowing into my mouth and I was barely able to swallow fast enough. As I removed my mouth, I licked the remaining cum, looked into Jayson's eyes and heard him say. "That was awesome, fucking awesome!"

Dear 40+,

Hot, hot, hot is all I could think of when I saw those photos of Kayla Synz getting fucked in the ass by that big cock. I'm glad the video was just as hot so I didn't have to use my imagination. And that's okay by me because I could focus on her tight butt getting blasted. Keep up the great fucking films.

I finally arrived at the studio just in time for the shoot. I was getting eaten out in the limo on the way over and I didn't want it to stop. I wouldn't let my man fuck me today since I was about to get my pussy pounded for a few hours. But that's okay. I love sex in the afternoon.

Sascha said he didn't have sex for a week before getting with me today because I'd wear him out. I sucked his cock for almost an hour, but unfortunately you don't get to see all of it, and you'd probably get bored if you did. But believe me, both of us loved every minute of it. Then the fucking started and lasted another couple hours. All-in-all, I'd consider it a fun afternoon.

there's stuff going on behind the scenes at the racetrack besides the bookies, jockeys and their steeds

jockeying for the best position

I'm writing because I know your magazine because my husband subscribes to it. I'm a petite young looking 42-year old and I would like to tell you about a little (no pun intended) affair I had. I've been with James for only two years and this happened three years ago, so he wasn't even in the picture. He knows about it and encouraged me to share it.

I grew up in Southern California and have been around racing horses my whole life. It was 2012 and I was in San Diego in August for the 9 furlong Del Mar Oaks at beautiful Del Mar Racetrack. The weather for a few days prior to the race was rainy most of the time. When the jockeys couldn't get enough time on the sloppy track, they just sat around the clubhouse playing cards. I've been around racetracks, horses and jockeys my whole life. I'm about 5 foot 4 and 115 pounds with blonde hair, nice boobs (I've been told) and a bit of a backside. I am a horse groomer from a grooming family. My great grandfather started in the twenties and we've been doing it ever since, but I'm the first female in the family to do it for a living.

I was grooming Lavendar, one of the twelve or so horses competing in that year's race. Now, it was a day before the race and the weather had broken for a few hours and most of the jockeys were able to get a run in, including mine, at the very end before the rain came again, quite unusual for San Diego. Lavendar made it back to the stables soaking wet and full of mud up to his belly. I gathered up my hoses, buckets and brushes and was ready to clean him up. The jockey, Manuel, walked him into the stables and to his stall at the end of the barn. I was already there standing with brush in hand and a big warm smile for Manuel. I told him I was sorry the rain cut his run short, but he said it went well and has confident the horse would perform well on race day.

We took the horse into the stall and closed the big gate behind us. After unbridling and unsaddling the horse, I tied him down. Manuel sat on a bale of strapped hay in the corner of the stall. Before I started grooming the horse, I went over to Manuel and helped him take off his riding boots. I straddled his leg, back to him, and pulled them off one at a time. As I finished with the second one, he grabbed my hips and pulled me down on his lap. He then reached up and cupped his hands over my breasts. Needless to say, I was quite surprised and didn't know what to do.

I had never been approached by any jockey, ever. In the moment, I was trying to decide whether to slap him or not, he slipped a hand inside my shirt and was feeling for my nipple. I stood up quickly and that action ripped a couple buttons off my blouse. He bent down looking for them as I tried to close my shirt. That gave me time to think. As he finds them and stands up to give them to me, I am "angry" and push him down on the hay. He doesn't know what to think as I take a couple steps forward with

my brush clutched in my hand. He looks up at me as I'm now standing over him at the foot of the bale. After a moment of glaring at him, I reach down and pull his belt off. I then undo his pants, reach in, grab his cock and squeeze. He gives out a muffled groan and as I'm holding it, it begins to get hard. With my free hand I pull off his pants and grab his balls and squeeze. I tell him that if he ever does that again, I would rip these off him and feed it to the horse. His eyes get wide with fear and he stutters that he won't. I begin to walk away and look back to see him clutching his dick and balls. I laugh, turn around and go back to him, take his hands away from his privates and get down on my knees in front of him.

I open his legs, get in between them and push him back down on the hay. I take his now-hard cock and begin to stroke it. His expression changes from one of fear to one of humble smiles. I bend over and begin to lick his shaft as I keep my eyes on him. His cock head goes into my mouth and I cup his balls gently. No hard squeezing this time. With my lips firmly around his cock, I straighten up a little to take my shirt and bra off. I play with my breasts and nipples as I suck him off. I deep throat him and lick his balls at the same time. Manuel is now laying all the way back enjoying the attention. I slip off my jeans and panties and climb up on the bale bypassing his dick and squat down on his face. I push my pussy into his face and begin grinding it into him. I feel his nose on my clit as he sticks his tongue into my pussy. I get off and turn around into a reverse cowgirl and grab his dick again. I pump it up and down as his hands circle around my hips and pulls me harder onto his face. Bending over, I begin sucking him and playing with his balls. We're sixty-nining on the hay and going at it like a pair of horny rabbits.

I cum all over him and as I do he follows, shooting his big, warm load into my mouth. I spit it out onto the hay and get off him like I was getting off a saddle. Standing in front of him, I reiterate what I said earlier. "If you do that again, I'll feed it to the horse." I laughed, grabbed my brush and slapped him across his dick. I abandon my ride and return to the horse and do my job. Out of the corner of my eye, I see him slink out of the stall.

It's now early morning, a couple days before the Oaks, and Manuel is at the stall prepping the horse before taking him out for his daily run. I walk in with all my stuff and spend a moment talking to him, telling him that I think he'll have a great run today and wish him the best. I smile encouragingly and give him a kiss on the cheek and tell him I'll be waiting for him and the horse here when they finish.

While they're out running the track, I have all these wickedly delicious thoughts about what I want to do with him. What I really want is my hands on his naked body. I would start at his calves and rub every muscle very slowly until I feel him melt. And you know I can't keep my hands off his ass. I'd make sure to rub it hard so I don't miss a single muscle. His neck gets a lot of attention too, but then I can't keep my fingers out of your hair. It is so silky and slides through my fingers as I massage his scalp. His body is so relaxed. Sometimes I use my fingertips, and sometimes I use my fingernails. I brush across his skin from his hands to his shoulders. My hands meet in the middle and trace circles across his spine. The circles go lower and

I begin rubbing his ass with my hand as my finger begins slowly pushing into him. Suddenly he pushes against my finger and it slides inside to the knuckle. I don't move my finger as I grab his cock with my other hand.

lower until my fingernails are dragging across his ass. One finger slides between his ass cheeks slowly. Then my finger disappears.

I awaken from my daydream as Manuel walks the horse into the stall. I collect myself and ask how the run went. He said it was great and felt his chances for the Oaks look pretty good. I walk over to him and whisper in his ear that if he goes and takes a shower, I'd be here in the stall waiting for him. He runs out and within ten minutes returns in his sweats. In the meantime, I had stacked a few bales high to make a wall so not to be seen from the door. I laid out a blanket on the floor behind it and took his hand and led him back there. I said we have to be quiet and find myself getting undressed. I take off my shirt and his eyes fall to the tops of my breasts above my bra. I slide my jeans and the rest of my clothes to the floor and stand there naked. Manuel has disrobed also and I can feel his eyes on my body. I see his cock twitching as I let him look. My nipples harden as he stares at me.

I hear his breathing start to change, and I can't help but smile. My finger slides down to his inner thigh where I graze his balls. I kneel between his legs, forcing them to spread wider. Now my whole hand can caress his balls because I love the way they feel. My right hand trails a path from his balls to the top of his ass. I slowly slide a finger down his ass crack, pausing to feel how tight he is, and then move on. This teasing is driving him crazy. I begin massaging Manuel's ass with my hand and one finger probes between his cheeks. I can feel his tight hole, but I go slow, building his anticipation. My finger circles around his hole as he pushes his ass toward me. His eyes are closed and his breathing is fast.

Eye-level with his cock, I grab it hard and put it in my mouth. My tongue swirls around it as I look up at him. I slide his cock in and out of my mouth, and slide my finger just barely inside him and then stop. I love the way he pushes his ass against my finger. It just shows how much he wants this. So I push again and feel my finger slide in a little further before I stop. I begin rubbing his ass with my hand as my finger begins slowly pushing into him. Suddenly he pushes against my finger and it slides inside to the knuckle. I don't move my finger as I grab his cock with my other hand. I begin jerking him off slowly, never moving my finger in his ass. I reach between my legs and insert a few fingers into my dripping wet pussy, slathering them up good. I place my hand back on his cock and begin jerking him off again while his cock is covered with my silky wetness. My hand slides easily around his cock as my finger in his ass begins to fuck him in the same rhythm. My hands are stroking his cock, fucking his ass, and making him cum. I slide my finger out as I caress my breasts, smearing his cum across me. His fingers roll my nipple between them, and I can't help but moan as I cum without being fucked. I tell him to get dressed. It's time for me to get back to the horse.

I told him that if he wins the Oaks, I would be his to do with whatever he wanted. I watched the race. Lavendar and Manuel did not win, place or show that Saturday.

We took some photos, my husband and I, and submitted them. When you asked us to do a shoot, he got cold feet and the matter died. But I was still interested and did this shoot. I had a great time with Andreas in the garage.

Sandra
I've always been open minded about sex. Apparently my husband wasn't. I love having sex and rarely have I done any sex on the camera with a guy. If I want to, I can get really wild and kinky. Some of the best sex I've ever had has been with a guy I hardly knew. We were really sexual. That's not reserved just for guys, and there's nothing wrong with that! If you think there is then put this magazine down and go to your momma.
